

SERVICES

Chimney Cap Installation

Protect your chimney from weather, debris, and unwanted pests with a quality chimney cap installation. We provide durable solutions designed to improve chimney performance and longevity.

Chimney Fire Investigation

After a chimney fire, trust our team for a careful inspection and fire investigation. We evaluate damage, identify concerns, and recommend the appropriate repairs.

Chimney Inspections

A professional chimney inspection helps identify hidden problems before they become costly repairs. Our certified technicians carefully evaluate your chimney system for safety, performance, and efficiency.

Chimney Maintenance

Regular chimney maintenance helps extend the life of your fireplace system and prevent unexpected issues. Our team provides dependable care to keep your chimney safe and functioning properly.

Chimney Relining

Improve the safety and efficiency of your chimney with expert relining services. We install quality liners designed to protect your chimney system and support proper ventilation.

Chimney Repair

Restore the safety and condition of your chimney with professional repair services. We address damage, deterioration, and structural concerns with quality workmanship.

Chimney Sweeps

Keep your chimney clean and ready for use with our thorough chimney sweeping services. We remove soot, buildup, and debris to improve safety and fireplace performance.

Chimney Waterproofing

Prevent moisture damage and protect your chimney with professional waterproofing services. Our solutions help preserve your chimney's structure and improve long-term durability.

Custom Metal Fabrication

Create a custom solution for your chimney or fireplace with our metal fabrication services. We design and build durable components tailored to your specific needs.

Damper Replacement

Improve your fireplace efficiency with expert damper replacement services. We install reliable dampers that help control airflow and prevent energy loss.

Diagnostic Services

When your chimney or fireplace is not working as expected, our diagnostic services help find the source of the problem. We provide accurate evaluations and trusted recommendations for effective solutions.

Fireplace Inspections

Ensure your fireplace is safe and operating properly with a detailed inspection from our experienced team. We check for potential issues, safety concerns, and maintenance needs to help protect your home.

Gas Fireplace Cleanings

Maintain the beauty and efficiency of your gas fireplace with professional cleaning services. We remove buildup, inspect components, and help ensure your system operates safely.

Gas Fireplace Repair

Get your gas fireplace back in working order with experienced repair solutions. We diagnose issues and provide dependable repairs to restore comfort and efficiency.

Wood Fireplace Repair

Keep your wood-burning fireplace safe and reliable with expert repair services. We handle repairs that improve function, safety, and overall performance.
